royal flush	«Флеш-рояль» (А-К-Q-J-10) – самый старший стрит-флеш – «королевский флеш» – royal flush.	Contains five consecutive cards of the same suit, from the 10 to the ace.

www.ikonet.com

knight

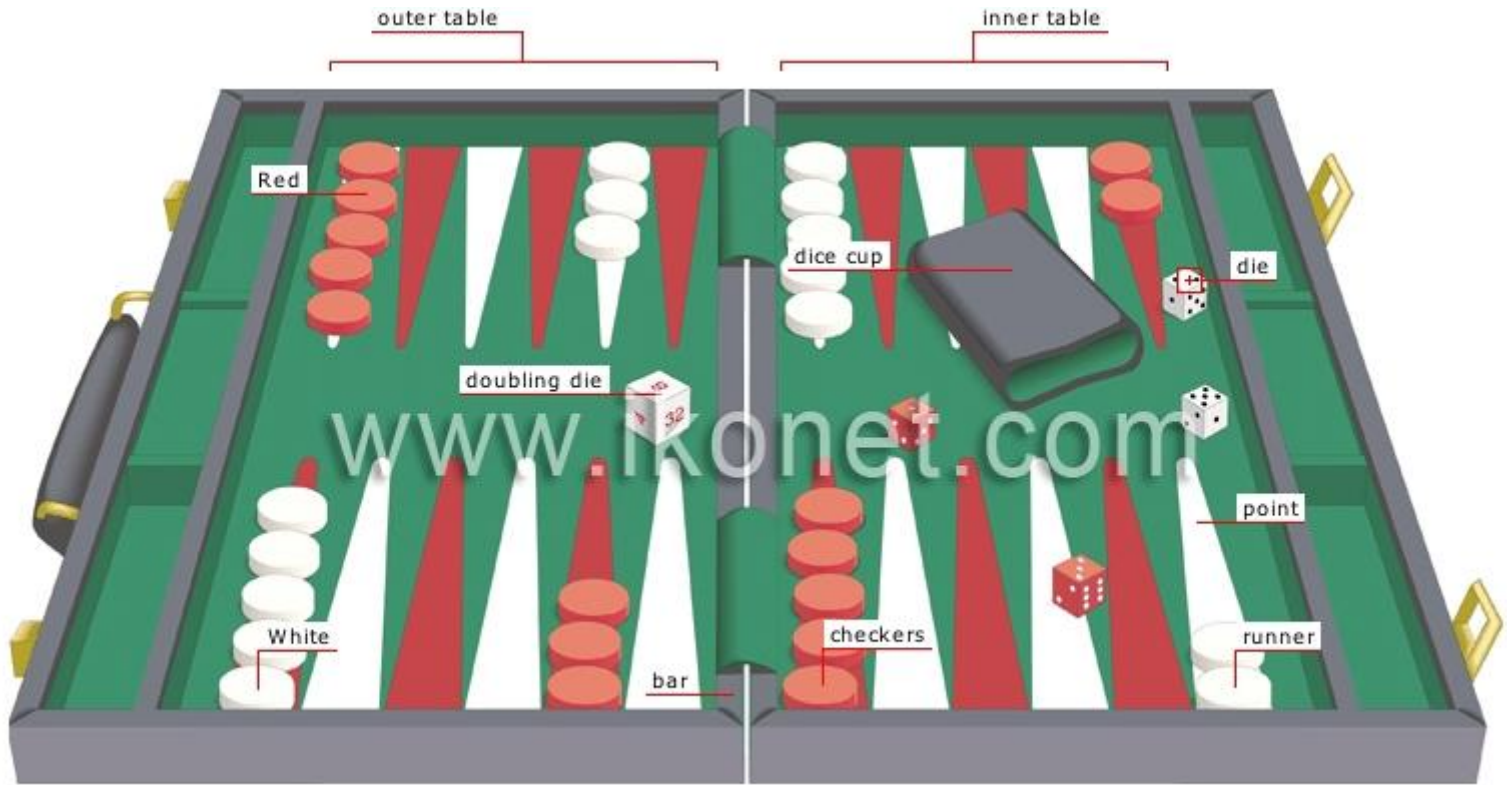

Конь. Ходит русской буквой «Г» –

Piece that can move at right angles

	<p>сначала на два поля по вертикали или горизонтали, потом еще на одно поле по горизонтали или вертикали перпендикулярно первоначальному направлению. Единственная фигура в современных шахматах, которая ходит не по прямой линии и является «прыгающей» – ходит не в плоскости доски и может перепрыгивать через свои и неприятельские фигуры.</p>	<p>(square movement); the knight is the only piece that can jump over any other piece.</p>
bishop	<p>Слон (офицер). Ходит на любое число полей по диагоналям. В чатуранге и шатрандже ходил через одно поле по диагонали, являясь, как и конь, «прыгающей» фигурой (при ходе перешагивал через свои и чужие фигуры, стоящие на пути).</p>	<p>Piece that can move backward or forward diagonally for as many squares as the player chooses.</p>
queen	<p>Ферзь (королева). Ходит на любое число полей по вертикали, горизонтали или диагонали. Самая сильная фигура на шахматной доске.</p>	<p>The most powerful attack piece; it can move backward or forward in all directions for as many squares as the player chooses.</p>
king	<p>Король. Ходит на одно поле по вертикали, горизонтали или диагонали. Кроме того, может участвовать в рокировке. Считается самой важной фигурой, поскольку невозможность защитить короля от атаки противника (эта ситуация называется «мат») означает проигрыш партии.</p>	<p>The most important piece in the game; it can move backward or forward in all directions one square at a time.</p>
rook	<p>Ладья (тура). Ходит на любое число полей по вертикали или горизонтали. Может участвовать в рокировке. Игрок начинает партию с двумя ладьями, стоящими на крайних полях первой горизонтали.</p>	<p>Piece that can move backward or forward horizontally or vertically for as many squares as the player chooses.</p>
pawn	<p>Пешка. Ходит на одно поле по вертикали вперед. Из исходного положения может сделать один ход на два поля вперед. Бьет на одно поле по диагонали вперед. При выполнении хода на два поля</p>	<p>Piece that can advance one square at a time except at the beginning of the game, when it can advance one or two squares; it captures opposing pieces diagonally.</p>

	может быть следующим ходом взята на проходе пешкой противника (т. н. взятие «энпассан»).	
chessboard	шахматная доска	Board divided into 64 black and white squares; the corner square on each player's left must be black.
chess notation	Шахматная нотация (от лат. notatio – записывание, обозначение) – система условных обозначений, применяемых для записи шахматной партии или положения фигур на доске.	Means of using letters and numbers to identify the chessboard squares; it is used to situate pieces, transcribe games, follow moves, etc.
black square	черное поле	Dark-colored square; when the game begins, the black queen is on a square of her own color.
White	Белые	Pieces belonging to one of the two players; White starts the game.
white square	белое поле	Light-colored square; when the game begins, the white queen is on a square of her own color.
Black	Черные	Pieces belonging to one of the two players.
queen's side	сторона королевы	Each of the pieces in columns a to d on the board.
king's side	сторона короля	Each of the pieces in columns e to h on the board.

backgammon / нарды

checkers	Шашка может перемещаться только на открытый пункт – такой, что не занят двумя или более шашками противника.	Each of the counters used to play; the checkers are moved from one point to the next based on the number of pips shown on the dice.
runner	Одна из двух шашек с головы. При первом ходе игрок имеет право снять с головы две шашки. Это делается в том случае, если ему мешают шашки соперника, стоящие на голове. Для того, кто делает первый ход, необходимость пойти двумя шашками возникнет при выпадении следующих комбинаций: шесть-шесть, четыре-четыре, три-три.	One of two checkers belonging to a player placed at the start of the game on the opponent's inner table; it must leave that position before any other checkers of the same color can be moved.
bar	Бар. Доска разделяется посередине вертикальной полосой, называемой бар. В тех вариантах нард, где можно бить шашки противника, сбитые шашки выставляются на бар.	Line that divides the board's inner and outer tables; the checkers hit by the opposing player are placed on it.
White	Белые	White checkers that belong to one player.
point	Пункт. Пункты объединены в группы. Эти группы называются –	Each of the spaces on which the checkers are placed.

	дом (1-6), двор (7-12), дом противника (19-24), двор противника (13-18). Дом и двор разделены между собой планкой, которая выступает над игровым полем и называется бар.	
die	Зар (зарики) – игральный кубик (кубики) с нанесенными цифрами на гранях, от одного до шести. Имеется как минимум одна пара игровых костей (зар).	One of the two small cubes marked on each side with one to six pips; the checker moves the same number of points as the number rolled.
dice cup	стакан для игровых костей	Container used to shake and throw the dice.
inner table	дом	Table that a player's checkers must enter before they can be borne off; the player who first bears off all his or her checkers wins the game.
outer table	двор	Area with 12 points that the checkers must move across to reach the inner table; opponents move in opposite directions.
Red	Красные	Red checkers that belong to one player.
doubling die	Даве (дабл-куб, куб удвоения) – кубик с числами 2, 4, 8, 16, 32 и 64 на гранях. Используется для увеличения ставок во время игры.	Die used to increase the game's stakes.

<p>bank</p>	<p>Банк. Помимо денег у Банка имеются также карточки Документов на право собственности, Дома и Отели до тех пор, пока они не будут приобретены игроками. Банк также выплачивает зарплату и премии, дает ссуды под залогнедвижимости и собирает все налоги, штрафы, возвращает ссуды и процентик ним. При проведении аукциона Банкир выступает в качестве аукциониста. Банк никогда не может стать банкротом, но может выдать столько денег, сколько нужно, в виде долговых расписок, написанных на обычном листке бумаги.</p>	<p>Place where the money, title deeds, houses and hotels are stored until a player acquires them.</p>
<p>hotel</p>	<p>Отель. Прежде, чем вы можете купить Отели, вам нужно иметь четыре Дома на каждом участке полностью принадлежащей вам цветовой группы. Отели можно</p>	<p>Object that increases a property's value; to buy a hotel, a player must own four houses on each of the properties in a color group.</p>

	купить также, как и Дома, но стоят они четыре Дома, которые возвращаются в Банк, плюс ту цену, которая указана в Документе на право собственности.	
house	Дом. Когда у вас есть все участки Недвижимости одной цветовой группы, вы можете купить Дома, чтобы поставить их на любом из имеющихся у вас участков. Это увеличит арендную плату, которую вы можете взимать с арендаторов, останавливающихся на вашей Недвижимости. Стоимость дома показана на соответствующем Документе на право собственности.	Object that increases a property's value; to buy a house, a player must own all the properties in a color group.
jail	Тюрьма. Вас отправят в Тюрьму, если вы остановитесь на поле «Отправляйтесь в Тюрьму», или вы взяли каточку Шансов или Общественной казны, на которой написано «Отправляйтесь в Тюрьму», или у вас выпало одинаковое число очков на обоих кубиках три раза подряд за один ход.	Space where a player is sent if that person lands on the space marked "e&go to jail"e&, draws the card marked "e&go to jail"e& or throws doubles three times in succession.
Community Chest card	поле «Общественная казна»	Card the player draws at random after landing on a space specifying the player must do so; these cards give the player instructions (move a token, receive money, etc.).
Chance card	поле «Шансы»	Card the player draws at random after landing on a space specifying the player must do so; these cards give the player instructions (make a payment, go to jail, etc.).
go	Поле «Вперед». В начале игры участники выставляют свои фишки на поле «Вперед», затем перемещают их по игровому полю в зависимости от выпавшего на кубиках количества очков.	Space from which the players start out to begin the game; each time a player passes "e&go"e& or lands on that space, the bank pays the player a salary.
banknote	специальная купюра денег для игры	Paper money used as currency to make and receive payments.
title deed	Карточка на право собственности.	Proof that a property has been

	Помимо денег у Банка имеются также карточки Документов на право собственности, Дома и Отели до тех пор, пока они не будут приобретены игроками.	purchased; a player who owns a property can charge the other players rent when they land on that space.
card	карточка акций	Piece of cardboard with information regarding title deed (purchase price, rental cost, house and hotel prices, mortgage value, etc.).
space	Квадрат игрового поля. Каждый квадрат – это либо участок недвижимости, которую можно купить у банка для застройки домами и отелями, либо какое-то событие. В процессе игры вам придется платить налоги, при необходимости закладывать недвижимость, участвовать в аукционах.	Each of the areas into which the game board is divided; they correspond to properties (big city streets), public utilities, railroads, jail, etc.
game board	игровое поле	Playing surface that is divided into spaces around which the tokens move; houses, hotels, Chance and Community Chest cards are laid out on it.
die	одна из двух игральных костей	One of the two small cubes marked on each side with one to six pips.
token	фишка	Small object representing a car, locomotive, hat, etc. that is used by players to move around the board.

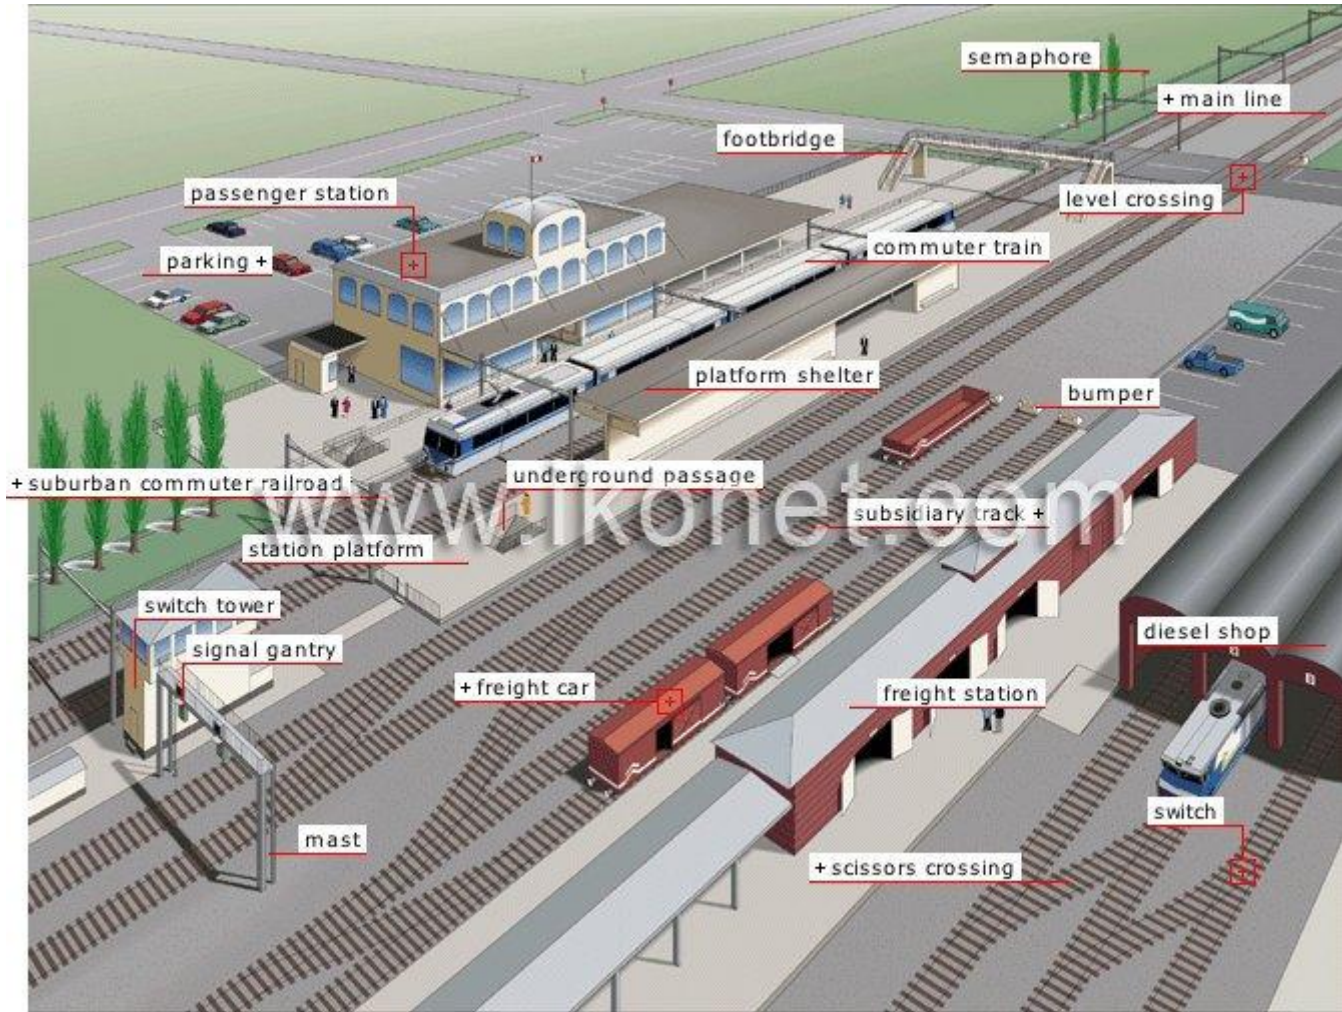

movie theater / кинотеатр

ticket clerk	билетный кассир	
stairs	лестница	Structural element for moving from the entrance to the auditorium and its rows of seats, arranged in tiers.
projector	проектор	Instrument that projects film images on a screen.
snack bar	буфет	
ladies' toilet	женский туалет	Women's room designed to satisfy basic functions and equipped with toilets and sinks.
speaker	акустическая система	Device that broadcasts a film's soundtrack.
entrance doors	входная дверь

switch tower	будка стрелочника	Building housing employees and controls for directing train movement in the station.
freight station	товарная станция	Set of railroad installations and buildings required for transporting cargo.
freight car	грузовой вагон	Vehicle pulled by a locomotive for transporting cargo.
underground passage	подземный переход	Pedestrian tunnel connecting one side of the tracks with the other.
diesel shop	тепловозный цех	Building for maintaining and refueling diesel locomotives.

switch	стрелочный перевод	A pair of movable track rails (switch rails) for guiding the train from one track to another.
scissors crossing	двойная перекрестная стрелка	Track enabling a train to change tracks.
parking	стоянка	Area for parking vehicles.
suburban commuter railroad	пригородное железнодорожное сообщение	Railroad connecting an urban center to its suburbs and neighboring cities.
passenger station	пассажирская станция	Covered building for the public where trains and passengers arrive and depart.
station platform	перрон	Area alongside the tracks, for passengers to embark and disembark the train, or for loading and unloading cargo from the cars.
platform shelter	навес над перроном	Roof protecting passengers waiting on the platform from inclement weather.
subsidiary track	вспомогательный путь	Side track not used for railroad traffic but for shunting, marshaling or loading and unloading.
commuter train	пригородный поезд	Local train running frequently each day between an urban center and its suburbs or neighboring cities.
footbridge	пешеходный мостик	Elevated walkway for passengers to cross over a set of tracks.
bumper	упор в конце тупикового пути	Buffer placed at the end of a track stopping the train from running off the end of the track.
semaphore	семафор	Light for relaying information such as the speed of trains and the distance between them.
level crossing	железнодорожный переезд	Intersection of a railroad and a road, with or without warning lights.
main line	магистральный путь	Tracks for trains traveling long distances.

airport / аэропорт

maneuvering area	летная зона аэродрома	Area crossed by an aircraft to enter or exit a parking spot.
apron	фартук суппорта	Lane used by aircraft for entering or exiting the maneuvering area.
service road	подсобная дорога	Lane reserved for airport service vehicles.
taxiway	рулежная дорожка	Lane used by aircraft for entering and exiting the apron.
by-pass taxiway	обходная рулежная дорожка	Branch for right turns.
high-speed exit taxiway	скоростная рулежная дорожка	Lane linking the landing runway with a taxiway that is used by aircraft after landing to free up the runway.
control tower cab	контрольно-диспетчерский пункт	Glassed-in office where the air traffic controllers coordinate aircraft movement such as takeoff, landing and flight.
control tower	диспетчерская вышка	Structure supporting the control tower cab, which provides a wide view of the runways and terminals.
taxiway	путь руления	Lane used by aircraft for entering or exiting a takeoff or landing runway.

access road	подъездной путь	Part of the network of roads serving the airport.
passenger terminal	пассажирский терминал	Structure through which passengers pass before or after their flight to pick up or leave their baggage and to go through customs.
maintenance hangar	ангар для ремонта самолетов	Structure where aircraft are maintained and repaired.
parking area	место стоянки	Area where aircraft park between flights for maintenance or overhaul.
radial passenger loading area	радиальная зона посадки пассажиров	Pavilion for passengers to reach aircraft that is linked by an underground corridor or by vehicles with the main terminal.
taxiway line	путь руления	Yellow line painted on the ground that shows aircraft the route to follow on the apron or the maneuvering area.
boarding walkway	коридор на посадку	Underground corridor linking the main terminal with a radial passenger loading area.
service area	зона обслуживания	Area around an aircraft that is reserved for service vehicles and ground crew attending to arriving or departing aircraft.
telescopic corridor	раздвижной передвигной коридор	Mobile corridor connecting the passenger loading area with the aircraft.

supermarket / супермаркет

fresh meat counter	прилавок со свежим мясом	Glass display case containing pieces of meat or poultry that the butcher cuts and wraps upon request.
packaging products	упаковочные материалы	Every kind of wrapping used in the process of cooking, freezing or preserving food.
household products	товары для дома	Products or aids for everyday household jobs; they include detergents, bleaches, cleaning products and scouring pads.
self-service meat counter	прилавок с фасованным мясом	Display case containing pieces of meat or poultry prepared and packaged in individual or family-sized portions.
delicatessen	деликатесы	Space set aside for specialty products that are often ready to eat, such as cold cuts, salads and olives.
cold storage chamber	камера для хранения охлажденных продуктов	Refrigerated space where perishables are stored.
dairy products	молочные продукты	Foodstuffs produced by processing fresh milk; they generally include

		milk, cream, yogurt, butter and some prepackaged cheeses.
dairy products receiving area	площадка для приемки молочных продуктов	Refrigerated space designed to receive dairy products.
fruits and vegetables	фрукты и овощи	Plant products sold as food, offered in bulk or prepackaged.
reach-in freezer	низкотемпературный торговый шкаф	Display case used to keep drinks cool.
beer and wine	пиво и вино	Selection of alcoholic beverages available at a supermarket.
aisle	проход	Space between the gondolas where shoppers move about.
display preparation area	площадка для подготовки продуктов	Storage and work space where employees prepare products to be placed in the supermarket's various display cases.
drinks	напитки	Nonalcoholic liquids comprising mainly bottled water, juice and soft drinks.
receiving area	разгрузочная площадка	Space designed to receive merchandise.
checkouts	контрольно-кассовый пункт	Counters with a cash register located at the exit where shoppers pay for their purchases.
end aisle display	Дисплей в конце прохода	End of a gondola; it is used to highlight certain items that are on sale or whose sales need to be increased.
shopping carts	тележка для отбора товаров в магазине самообслуживания	Wheeled basket used to transport shoppers' selected items to the checkout and, possibly, to the parking lot.

decorative articles store	отделочные материалы	Retail outlet that sells furniture and interior design accessories.
florist	цветочный магазин	Retail outlet that sells flowers and ornamental plants.
supermarket	супермаркет	Large self-service retail market that sells a variety of food and household products.

event platform / гимнастическая арена

approach runs	дорожки для разбега
floor exercise area	помост для вольных упражнений
line judge	судья на линии
balance beam	гимнастическое бревно
pommel horse	гимнастический конь
overall standings scoreboard	табло общего зачета
uneven parallel bars	брусья разной высоты
vaulting horse	конь для опорных прыжков
horizontal bar	перекладина
floor mats	акробатическая дорожка
judges	судьи
magnesium powder	порошкообразный магний
parallel bars	параллельные брусья
rings	кольца
vaulting horse	конь для опорных прыжков
current event scoreboard	табло счета текущих соревнований

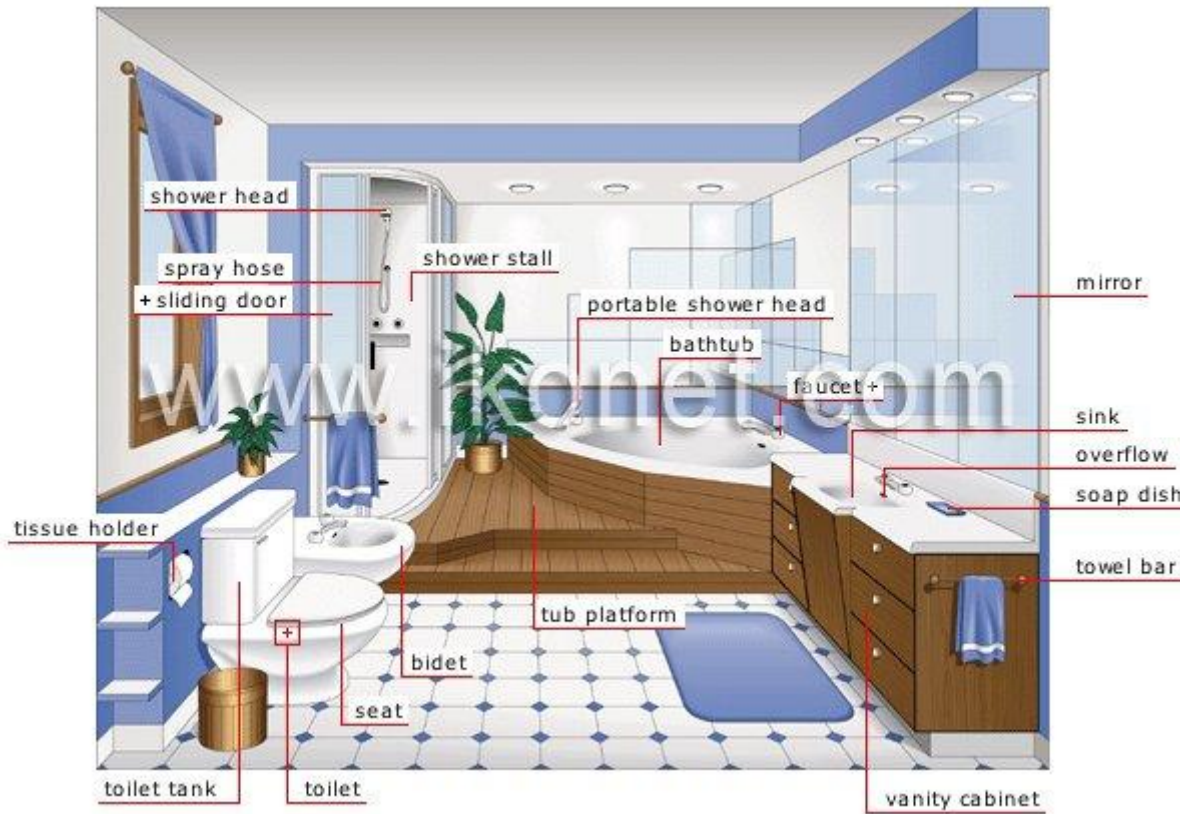

kitchen / кухня

sink	раковина
freezer	морозилка
ice cube dispenser	дозатор кубиков льда
drawer	выдвижной ящик
countertop	столешня рабочего кухонного стола
pantry	буфетная
patio door	дверь на террасу
base cabinet	напольный шкафчик
microwave oven	микроволновая печь
cooktop	конфорки
refrigerator	холодильник
wall cabinet	пристенный шкафчик
range hood	надплитный вытяжной зонт
oven	духовка
footstool	скамеечка для ног

dinette	обеденный уголок
island	прилавок-витрина островного типа
dishwasher	посудомоечная машина

bathroom / ванная комната

shower head	душевой распылитель
spray hose	поливной шланг
sliding door	раздвигающаяся дверь
shower stall	душевая кабина
portable shower head	душевая установка
mirror	зеркало
bathtub	ванна
faucet	вентель/кран
tissue holder	салфетница
toilet tank	смывной бачок
toilet	туалет
bidet	биде
seat cover	чехол кресла
tub platform	помост для ванны
vanity cabinet	шкафчик
towel bar	кронштейн для полотенец
soap dish	мыльница

overflow	сливное отверстие
sink	раковина

berries / ягоды

black currant

gooseberry

blueberry

red whortleberry

currant

bilberry

+ grape

black currant	черная смородина
gooseberry	крыжовник
grape	виноград
blueberry	голубика
red whortleberry	брусника
currant	смородина
bilberry	черника

blood pressure monitor / прибор для наблюдения за кровяным давлением

digital display	цифровой дисплей
tube	трубка малого диаметра
pneumatic armlet	надувная повязка
pressure gauge	измеритель давления (манометр)
air pressure pump	насос воздушного давления
pressure control valve	клапан управления давлением

bony fishes / костные рыбы

pike

mullet

www.visualdictionaryonline.com

bass

perch

shad

carp

pike	щука
bass	морской окунь
shad	пузанок
mullet	кефаль
perch	окунь
carp	сазан

camping equipment / снаряжение для разбивки лагеря

folding shovel	складная лопата
hatchet	топорик
leather sheath	кожаный чехол
knife	нож
sheath	чехол
hurricane lamp	фонарь молния
folding grill	походный гриль
bow saw	лучковая пила

convention center / дворец съездов

conference room	помещение для проведения конференций конференц-зал	Room that is big enough to hold a relatively large number of people.
break-out room	переговорная комната	Room designed for working sessions involving small groups.
VIP lounge	VIP-холл	Room reserved for distinguished guests.
meeting rooms	помещение для деловых встреч	Rooms used by small groups to hold meetings and discussions.
management office	контора управления	Office occupied by the person who manages the convention center's various services.
administrative offices	административно-хозяйственный отдел	Rooms where tasks related to the management of the convention center are carried out.
simultaneous interpretation booth	будка переводчиков-синхронистов	Room set aside for interpreters, who provide an oral translation of a conference.
control room	центральная аппаратная	Room equipped to control sound, lighting and projection.
auditorium	зрительный зал	Hall designed for the public to

		attend lectures and audiovisual presentations.
banquet hall	зал для банкетов	Large site used for assemblies, banquets, social events, etc.
organizers' offices	контора устроителей	Meeting rooms used by a convention's organizers.
movable panel	передвижная панель	Lightweight divider usually with feet that is used to enclose an exhibition stand.
exhibition stand	выставочный стенд	Area where exhibitors showcase their products or services.
exhibit hall	выставочный зал	Hall where exhibition stands are set up.
kitchen	кухня	Room where meals are prepared.
bar	бар	Area with a counter and tables where alcoholic drinks are sold.
restaurant	ресторан	Business establishment where meals are served for a fee.
hall	холл	Large open space used to access other rooms.
information desk	справочное бюро	Kiosk that provides information on events and services at the convention center.
restrooms	уборная	Rooms equipped with toilets and sinks.
cloakroom	гардеробная	Space designated for storing clothes, hats, umbrellas and so forth.
security service	служба обеспечения безопасности	Room equipped with monitors where staff watch over the convention center's various rooms.
ticket office	билетная касса	Counter where admission tickets are purchased.
loading dock	отгрузочный док, дебаркадер	Installation used to unload crates and pallets containing convention articles, equipment, etc.
revolving doors	вращающаяся дверь	Revolving doors composed of three or four glass wings that pivot around a vertical axis; they are pushed open like a turnstile.

dashboard / передняя панель автомобиля

rearview mirror	зеркало заднего вида
sun visor	солнцезащитный щиток
headlight/turn signal	фара/указатель поворота
vent	вентиляционный клапан
cruise control	устройство автоматического поддержания скорости движения
wiper switch	переключатель стеклоочистителя
on-board computer	бортовой компьютер
glove compartment	вещевой ящик (на приборной панели)
horn	звуковой сигнал
ignition switch	замок/выключатель зажигания
steering wheel	рулевое колесо (руль)
climate-control	управление искусственным климатом
audio system	музыкальный центр

gearshift lever	рычаг переключения скоростного диапазона
center console	средний пульт
clutch pedal	педадь сцепления
brake pedal	педадь тормоза
gas pedal	педадь газа
parking break lever	стояночный тормоз

electricity meter / счетчик электроэнергии

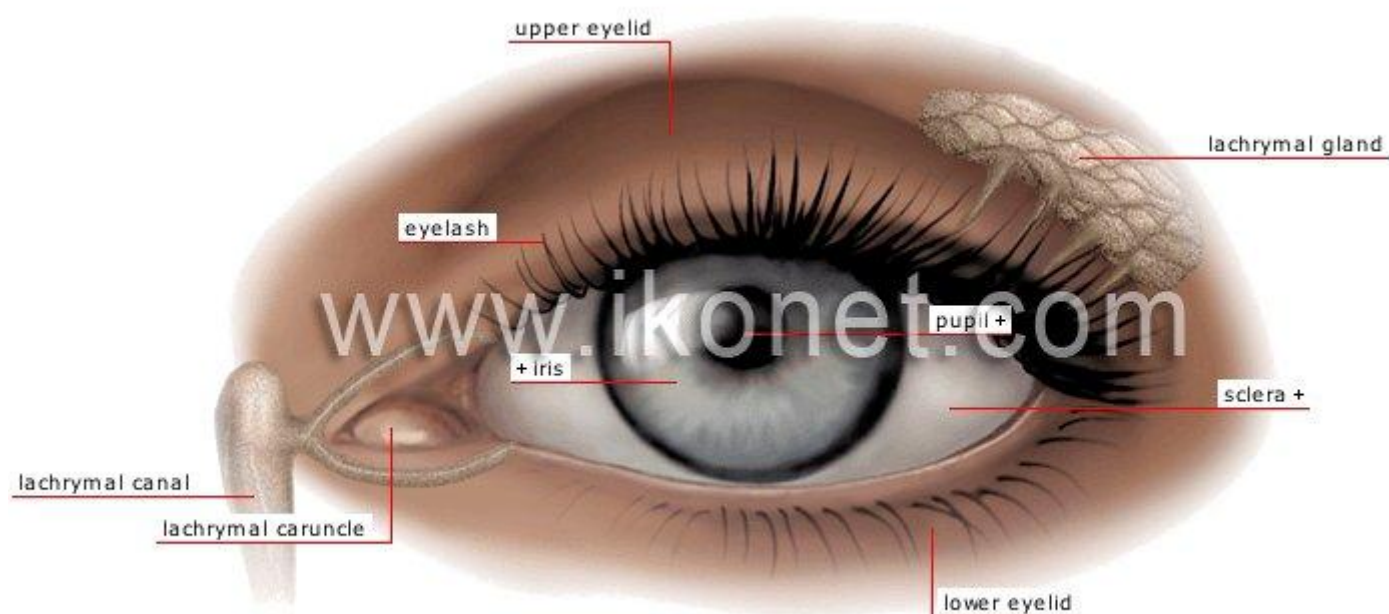

full-load adjustment screw	установочный винт полной нагрузки
dial	циферблат; круговая шкала
disk	диск
consumer number	значение потребления
base	основа
light-load adjustment screw	установочный винт малой нагрузки
nameplate	указательная планка
register	накапливающий регистр
cover	щиток

espresso machine / кофеварка эспрессо

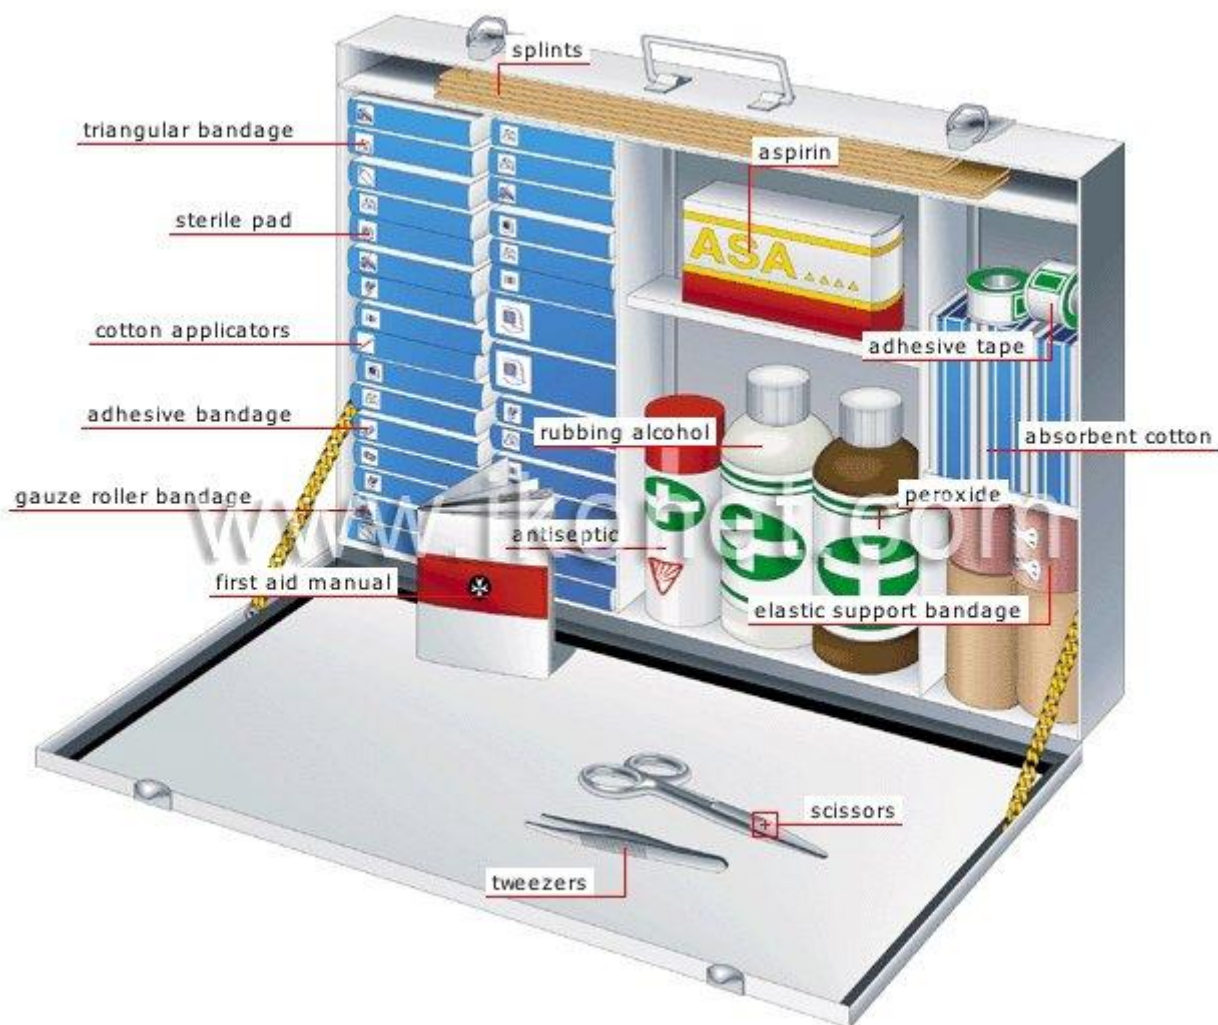

on-off switch	двухпозиционный выключатель
tamper	трамбовка
drip tray	каплесборник
steam control knob	кнопка регулировки пара
filter holder	держатель фильтра
water tank	бак для воды
steam nozzle	паровое сопло

eye / глаз

upper eyelid	верхнее веко
lacrimal gland	слезная железа
eyelash	ресничка
iris	радужная оболочка (глаза)
pupil	зрачок
lacrimal canal	слезный тракт
lacrimal caruncle	слезное мяско; слезное мяско (возвышение у медиального угла глаза)
sclera	склера (белочная оболочка глаза)
lower eyelid	нижнее веко

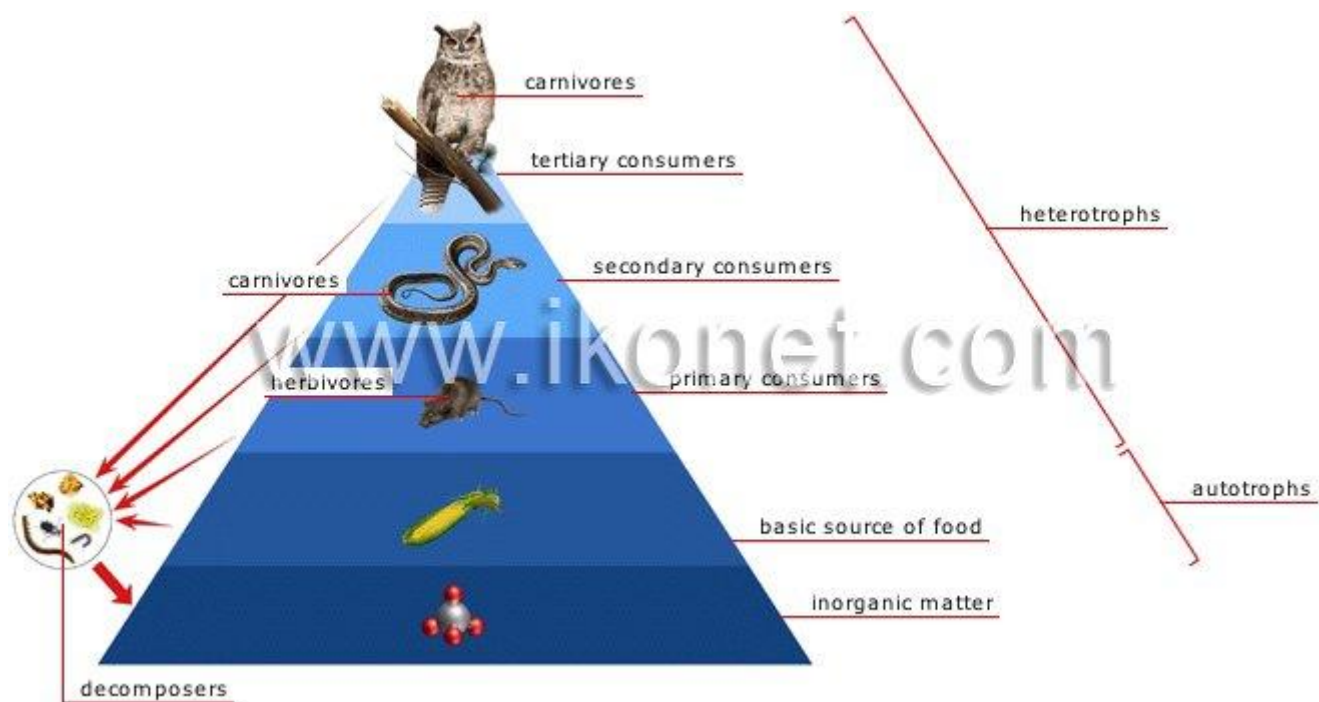

first aid kit / аптечка

splints	шина
aspirin	аспирин
adhesive tape	клеякая лента
absorbent cotton	гигроскопическая вата
rubbing alcohol	спирт для растирания
antiseptic	антисептик
peroxide	перекись
elastic support bandage	эластичный бинт
scissors	ножницы
tweezers	пинцет
triangular bandage	косыночная повязка
sterile pad	тампон
cotton applicators	ватодержатель
adhesive bandage	лейкопластырная повязка

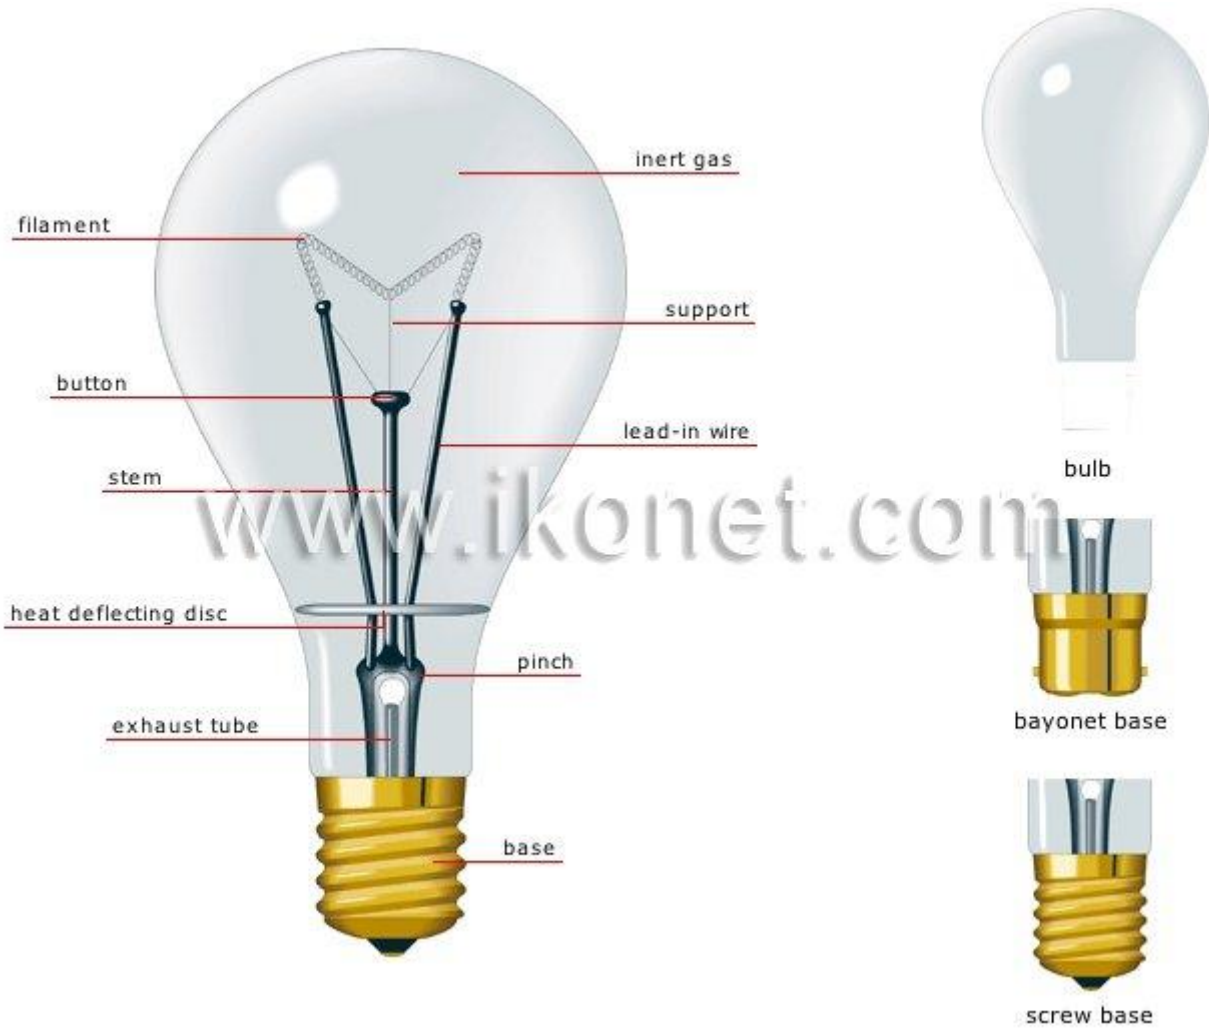

gauze roller bandage	марлевый бинт
first aid manual	пособие по оказанию первой помощи

food chain / пищевая цепь

carnivores	плотоядное животное
tertiary consumers	третичный консумент (животный организм, который питается другими хищниками (например, коршун))
heterotrophs	гетеротроф (организм, использующий в качестве источника углерода экзогенные органические вещества; среди Г. выделяют голозойные организмы (питаются твердыми частицами вещества – животные) и осмотрофы (только растворенными органическими веществами))
secondary consumers	вторичный консумент; вторичный потребитель
primary consumers	травоядное (в пищевой иерархии)
autotrophs	автотрофный организм, автотроф
basic source of food	простейший источник пищи
inorganic matter	неорганическое вещество
decomposers	деструктор (организм, разлагающий органические вещества)
herbivores	травоядное животное

incandescent lamp / лампа накаливания

filament	нить накаливания (лампы)
button	сферическая головка
stem	ножка
blueberry	голубика
heat deflecting disk	диск отклонения нагрева
exhaust tube	штенгель (электровакуумного прибора)
inert gas	инертный газ
support	опора
lead-in wire	вводной провод
pinch	ребешковая ножка
base	цоколь (электровакуумного прибора, лампы)
bulb	груша (лампы накаливания)
bayonet base	байонетный разъем
screw base	винтовой цоколь

laboratory equipment / лабораторное оборудование

Erlenmeyer flask

beaker

round-bottom flask

wash bottle

bottle

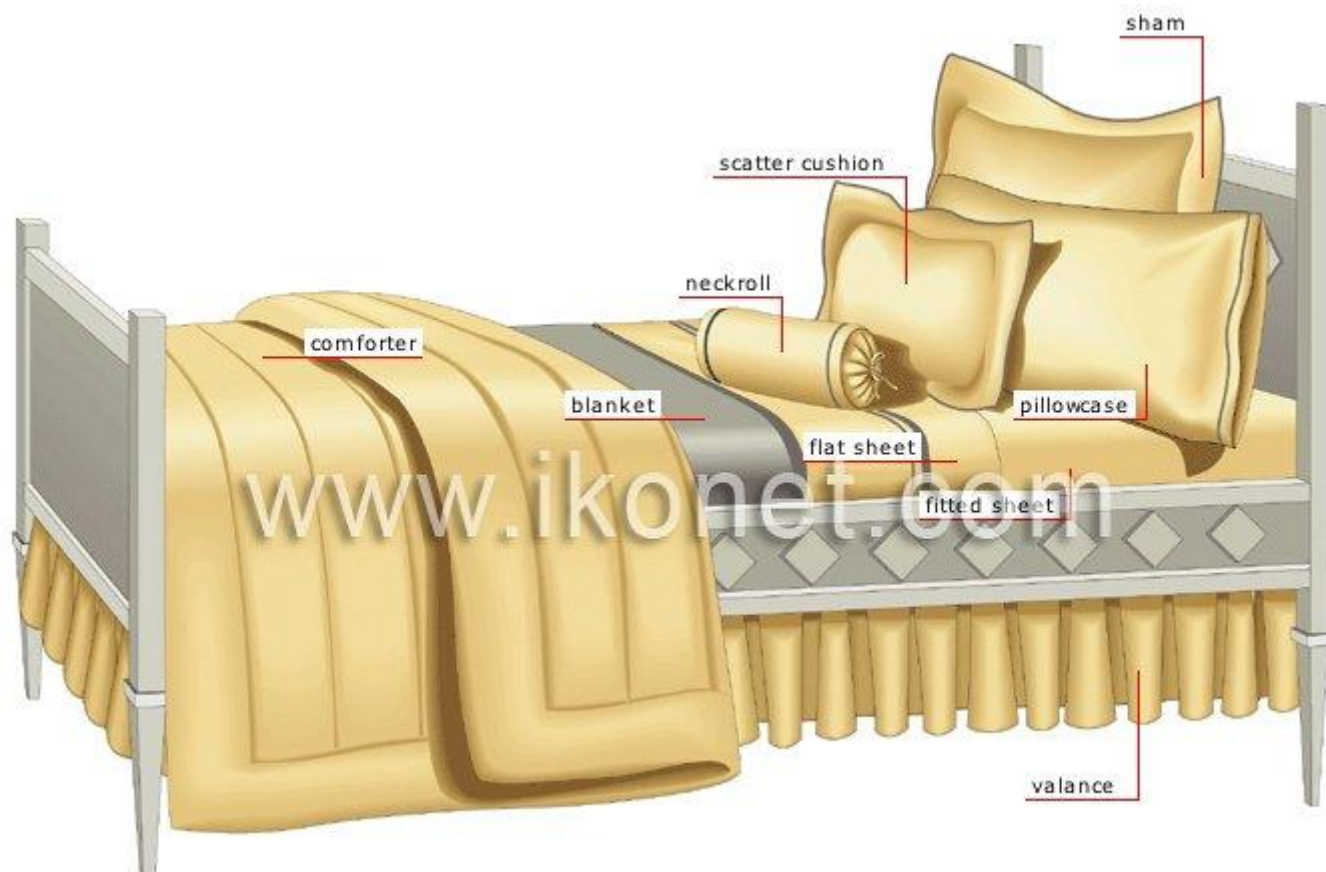

Erlenmeyer flask	коническая колба Эрленмейера
beaker	лабораторный химический стакан
round-bottom flask	круглодонная колба
wash bottle	промывная склянка
bottle	бутыль

laptop / дорожный компьютер

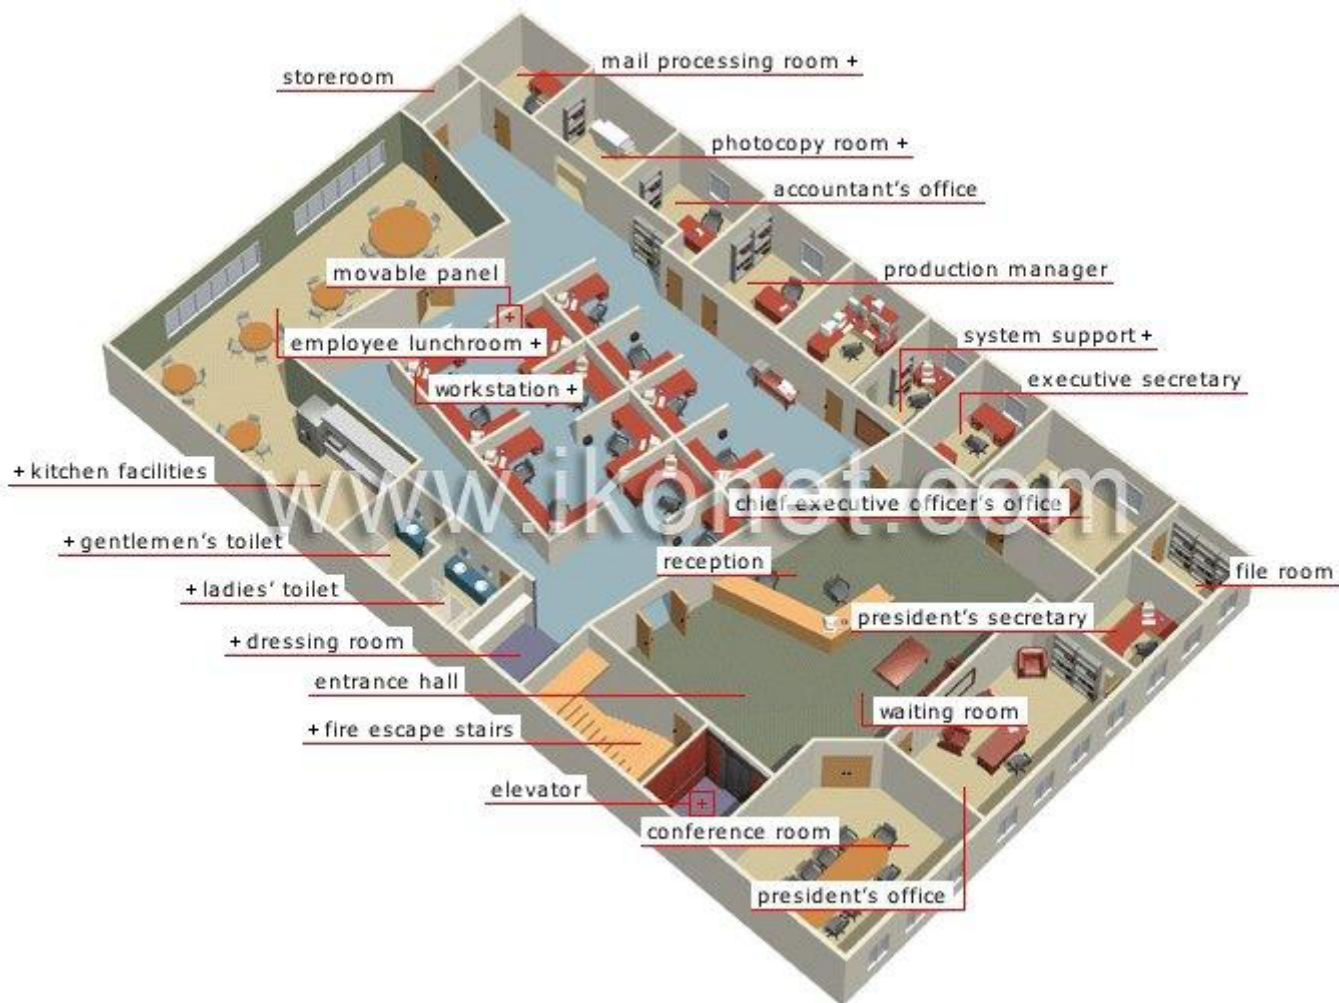

display	дисплей
power button	кнопка питания
keyboard	клавиатура
touch pad	трекпад, тачпад. Touch Pad (тач пад) – по сути, манипулятор для компьютера, по функции схожий с обычной компьютерной мышью (mouse). Если Вы хоть раз пользовались портативным компьютером (ноутбуком), то знаете, что вместо мыши там используется именно тачпад.
touch pad button	кнопка тачпада
display release button	кнопка отпирания дисплея
CD/DVD–ROM drive	накопитель высокой емкости для дисков
speaker	динамик
cooling vent	вентилятор охлаждения
PC card slot	гнездовой разъем PC–карты

linen / постельное белье

comforter	стеганое одеяло
neckroll	затылочный валик
blanket	шерстяное одеяло; попуна
scatter cushion	декоративная подушка
flat sheet	простыня (после правки)
fitted sheet	простынь на резинке (простыня с резиночками внизу, идеально фиксирующаяся на матрасе)
pillowcase	наволочка
sham	подушечка для сидения
valance	оборка

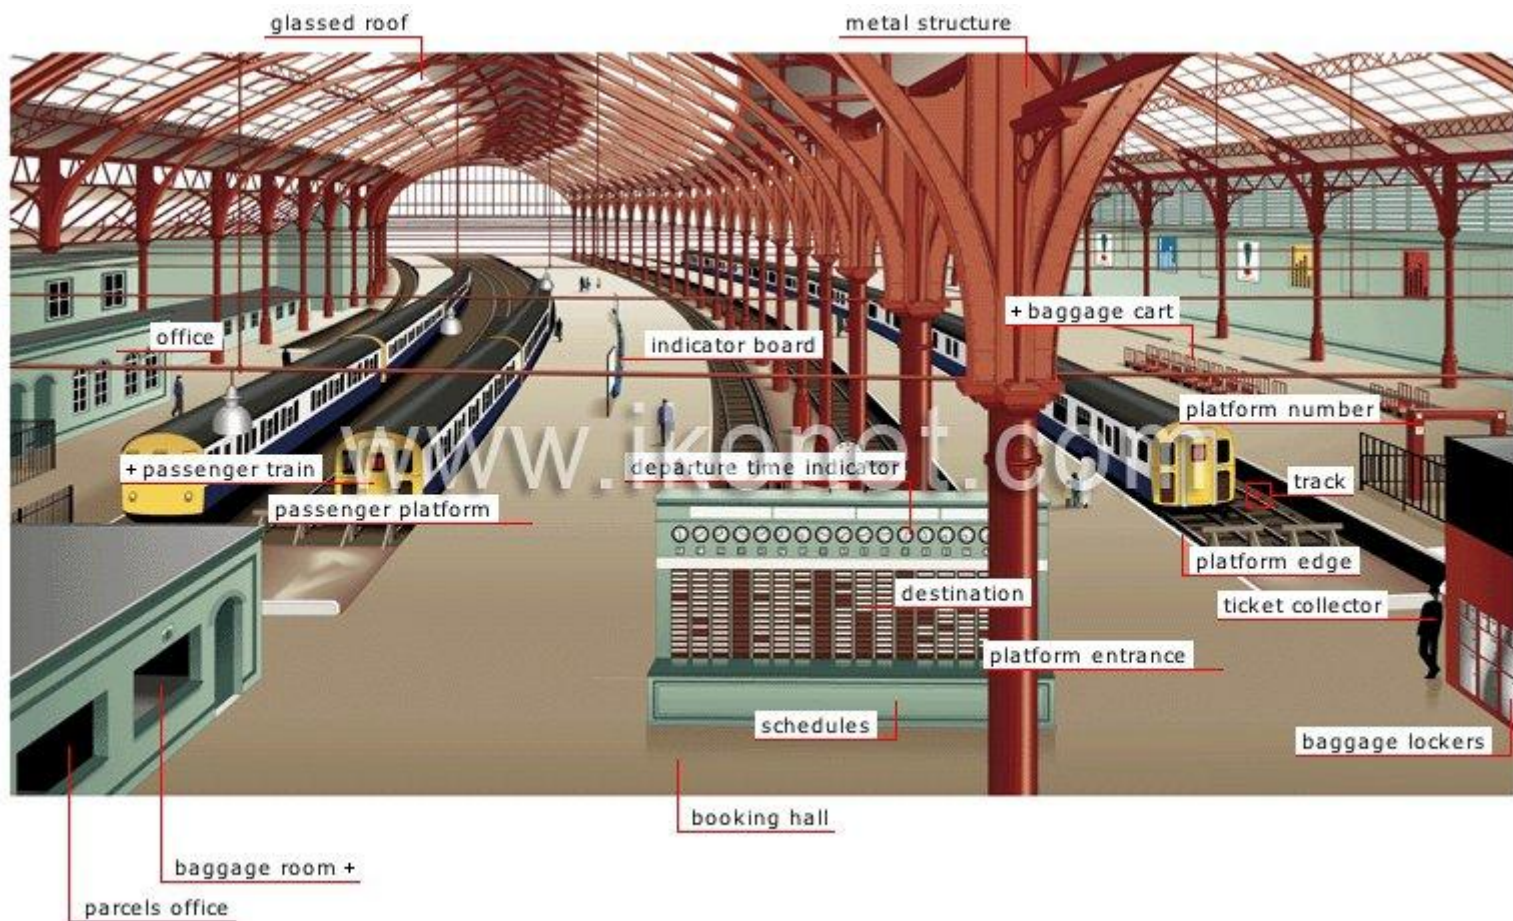

office / офис

dressing room	гардероб
chief executive officer's office	главный исполнительный директор офиса
president's secretary	секретарь президента
waiting room	приемная
movable panel	съемная перегородка
workstation	рабочее место
conference room	конференц-зал
reception	администратор
president's office	канцелярия президента
executive secretary	ответственный секретарь
file room	архив
system support	системный администратор
production manager	руководитель производства
accountant's office	финансовый отдел
photocopy room	копировальная

mail processing room	комната обработки корреспонденции
storeroom	кладовая
employee lunchroom	столовая для служащих
kitchen facilities	кухня
gentlemen's toilet	мужской туалет
ladies' toilet	дамский туалет
fire escape stairs	пожарная лестница
entrance hall	вестибюль
elevator	лифт

passenger station / пассажирская станция

glassed roof	стеклянная крыша
metal structure	металлическая конструкция
office	контора
passenger train	пассажирский поезд
passenger platform	пассажирская платформа
baggage room	камера хранения багажа
parcel office	багажное отделение
indicator board	информационное табло
departure time indicator	указатель времени отправления
destination	пункт назначения
platform entrance	выход на платформу
schedules	график движения поездов
concourse	открытое место для встреч, сборов людей
baggage cart	багажная тележка
platform number	номер платформы
track	рельсовый путь

platform edge	край перрона
ticket collector	билетный контролер
baggage lockers	автоматическая камера хранения багажа

pressed cheeses / прессованный сыр

Parmesan

Пармезан (оригинальное название Пармиджано Реджано (итал. Parmigiano Reggiano) – самый известный в мире итальянский сыр. Называется он так потому, что выпускается только в нескольких провинциях региона Эмилия–Романья: Парма, Реджо–Эмилия, Модена, а также в Мантуе и Болонье.

Emmenthal

Сыр Эмменталер происходит из долины Эмменталь, благодаря которой он получил свое название. Эмменталер один из самых известных швейцарских сыров. Это твердые, супругой структурой сыр, с большими глазками на срезе.

Jarlsberg

Этот сыр появился на свет более 50 лет назад, в 1956 году, когда профессор Оле М. Эстгаард из Сельскохозяйственного Университета Норвегии начал экспериментировать со старинными рецептами сыров из регионов Лорвиг и Ярлсберг на Юге Норвегии. Ему удалось успешно соединить старинные традиции сыроделия и современные норвежские технологии, в результате чего на свет появился знаменитый норвежский сыр класса премиум Ярлсберг.

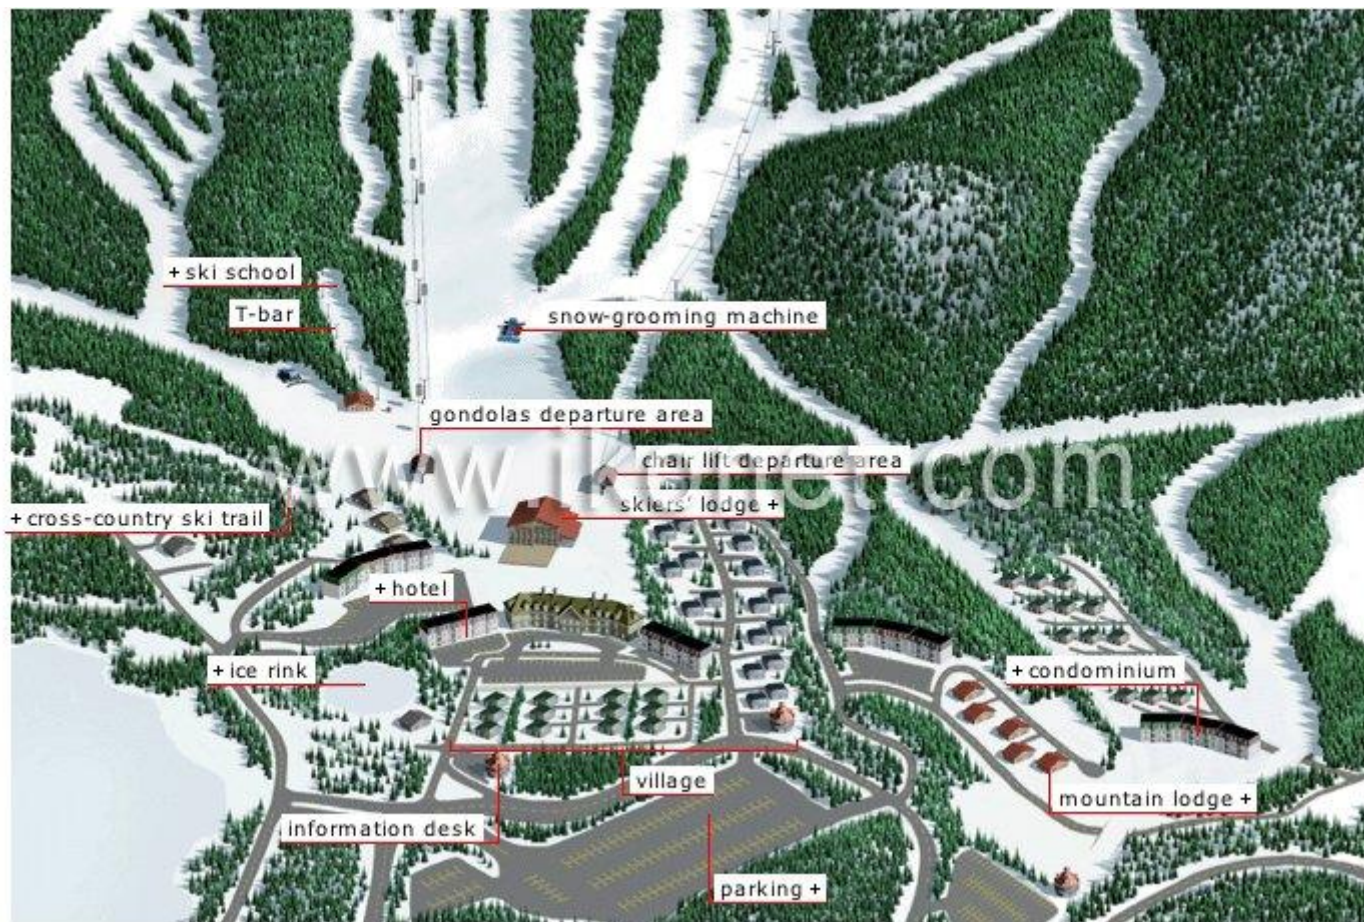

Raclette	Раклет (швейцарское национальное блюдо, которое как и фондю готовится из расплавленного жирного сыра)
Gruy	Грюйер – это не только отличный твердый и острый сыр, но и замечательная природа, и прекрасный замок XIII еще века. В пятнадцатом веке здесь прокатилась Бургундская война, где Карл Смелый Бургундский был побит швейцарцами.
Romano	Романо (итальянский сыр из овечьего молока)

ski resort 1 / лыжный курорт 1

ski lift arrival area	конечная подъемника для горнолыжников
gondola	кабинка; полувагон
intermediate slope	умеренный горнолыжный склон
easy slope	горнолыжный склон для обучения
expert slope	бугристый горнолыжный склон
difficult slope	трудный (крутой) горнолыжный склон
alpine ski trail	горнолыжная трасса
patrol and first aid station	медпункт и поисковая служба
main lodge	основная база
summit lodge	летняя база
summit	вершина
chair lift	кресельный подъемник
ski area	зона катания на лыжах
lodging	временное жилье

ski resort 2 / лыжный курорт 2

ski school	лыжная школа
T-bar	T-образный профиль
snow-grooming machine	снегоуборочная машина
gondolas departure area	место посадки в кабинки канатной дороги
skiers' lodge	место размещения лыжников
cross country ski trail	лыжная трасса для катания на обычных лыжах по ровной местности
hotel	отель
ice rink	каток
information desk	справочное бюро
condominium	курортная артель; совместное владение
village	поселок
parking	парковка
mountain lodge	сторожка

tire / шина, покрышка

bead	борт	Part of the tire that encloses a rigid steel wire that keeps the tire on the rim and makes it watertight.
technical specifications	техническое описание	Alphanumeric code molded onto the side of the tire, showing its characteristics.
rubber wall	резиновая стенка	Part of the tire located between the tread and the bead.
rubbing strip	противоконтактная полоса	Round protrusion of the rubber wall, protecting it from side impact and wear.
tread design	форма протектора	Raised part of the tire tread that improves traction for various usage conditions.

types of tires / типы шин

touring tire

studded tire

www.ikonet.com

performance tire

all-season tire

winter tire

studded tire	шипованная шина	Tire whose tread is fitted with metal studs, which provide a good grip on icy roads.
performance tire	шина для легкового автомобиля с высокими динамическими и скоростными качествами	Wide tire that withstands particularly high temperatures and offers superior performance in holding the road and handling turns.
winter tire	зимняя шина	Tire characterized by ridges providing a good grip on snow- and ice-covered roads.
all-season tire	всесезонная шина	Tire designed for driving on roads that are dry, wet or slightly snow-covered.
touring tire	гоночная шина	Tire designed for driving on dry or wet roads, but not recommended for snow or ice.

walkie-talkie / портативная дуплексная радиостанция

antenna	антенна
display	дисплей
volume control	регулятор громкости
call button	кнопка вызова
light button	кнопка подсветки
microphone	микрофон
lock button	кнопка с блокировкой; кнопка с фиксацией
power button	кнопка питания
scroll button	кнопка прокрутки
menu button	кнопка меню
monitor button	кнопка включения прослушивания канала
push-to-talk switch	нажимная кнопка включения микрофона
speaker	громкоговоритель

body care / уход за телом

deodorant

bubble bath

haircolor

toilet soap

eau de toilette

eau de parfum

hair conditioner

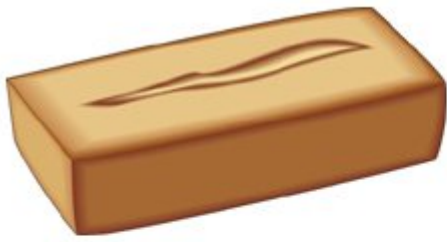

shampoo

www.ikonet.com

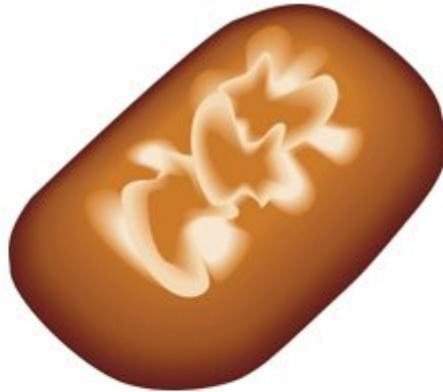

shampoo	шампунь	Product used to wash the hair and the scalp.
eau de toilette	туалетная вода	Scented concoction that is more diluted with a water/alcohol mix than eau de parfum.
bubble bath	пена для ванны	Product that is poured into the bath under the faucet water; it produces large amounts of foam and scents and colors the bathwater.
haircolor	краска для волос	Product applied to the hair to color it.
deodorant	дезодорант	Product applied to the armpits that eliminates or reduces perspiration odors.
hair conditioner	кондиционер для волос	Product applied to the hair after shampooing to strengthen it, improve its appearance and make styling easier.
toilet soap	туалетное мыло	Fragrant fat-based product that is

		used for washing the body.
eau de parfum	духи	Scented concoction added to a water/alcohol mix; it is more concentrated and lingers longer than eau de toilette.
bottle	флакон	Small bottle that is often made of glass.
stopper	стеклянная пробка	Device inserted into the neck of the bottle or screwed onto it to close the bottle.

bread / хлеб

+ American corn bread

farmhouse bread

Jewish hallah

www.ikonet.com

multigrain bread

white bread

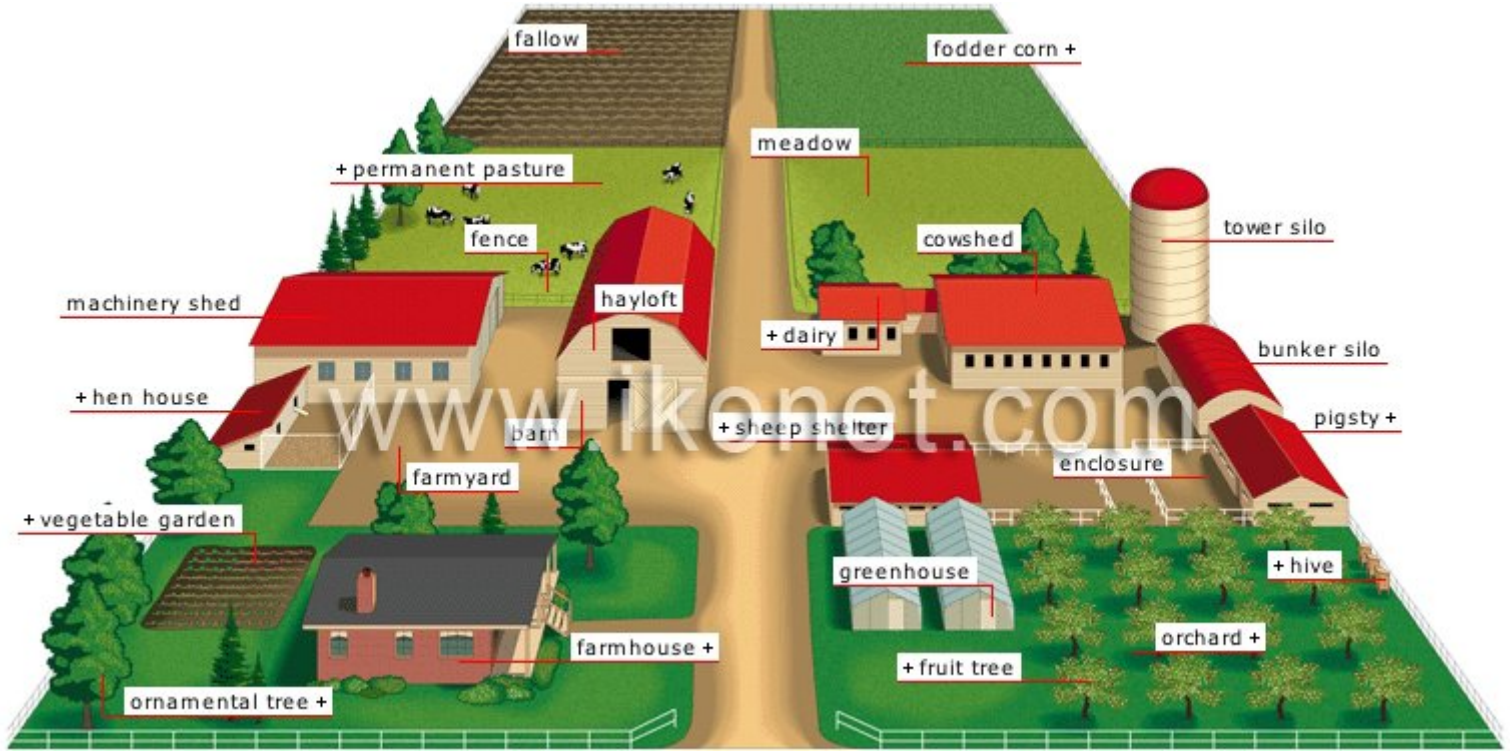

wholemeal bread

Jewish hallah	еврейская хала	Light soft sweetish bread traditionally served on the Sabbath and other Jewish festivals; it is usually braided.
American corn bread	американский кукурузный хлеб	The crumb of this corn flour-based bread is golden in color; it is easy to make and very popular in the southern United States.
farmhouse bread	хлеб домашней выпечки	Its thick, often floury crust and slightly acidic-tasting interior can last a long time without becoming stale; it can be used in a variety of ways.
multigrain bread	хлеб из смешанной муки	Usually contains 80% white flour, whole wheat flour or a mixture of the two, to which other cereals (oats, rye, etc.) are added.
white bread	белый хлеб	Bread made with white flour that comes in a variety of shapes, thickness and textures; it is less nutritious than wholemeal bread.

wholemeal bread	хлеб из непросеянной муки	Because it is made with whole wheat flour, it is highly nutritious and contains more minerals and protein than white bread.
-----------------	---------------------------	---

farmstead / фермерский двор

vegetable garden	огород	Land where edible plants are grown to feed the household.
hen house	курятник	Building where poultry are housed; a distinction is often made between laying units and fattening units.
farmyard	двор фермы	Open area around which the farm buildings are situated.
hive	улей	Shelter constructed to house a bee colony that produces honey and pollinates fruit trees.
fruit tree	плодовое дерево	Tree that bears edible fruit, usually intended for human consumption.
sheep shelter	загон для овец	Building where ovines (rams and ewes) are housed; these sheep are raised mainly for their meat and wool, and sometimes for their milk.
greenhouse	теплица	Structure with translucent walls where vegetables are grown under controlled conditions that promote their growth.
orchard	фруктовый сад	Land planted with fruit trees.
enclosure	загон	Fenced-in space where animals can move about.

pigsty	свинарник	Building used to house pigs, usually raised to be slaughtered.
bunker silo	бункерное силосохранилище	Long flat structure used to store silage; filling it requires no specialized equipment.
tower silo	силосная башня	Cylindrical structure used to store silage; it is always filled from the top, using a specially constructed apparatus.
cowshed	коровник	Building where bovines are housed; the animals are often separated by age or type (raised for meat or for milk).
dairy	молочный	Room where milk is stored and refrigerated before it is collected; it is also the place where milk is converted into butter and other by-products.
meadow	луг	Ground covered in grass, which the farmer mows to produce fodder (hay, alfalfa, etc.) for cattle.
fodder corn	фуражная кукуруза	Variety of corn used as cattle feed.
farmhouse	дом фермера	House where the farmer and the farmer's family live.
ornamental tree	декоративное дерево	Tree planted for decorative purposes.
machinery shed	Гараж для сельхозтехники	Building usually meant to house farm machinery.
barn	сарай	Building used mainly to store harvested crops, straw and hay.
hayloft	сеновал	Part of the barn, often the equivalent of an attic, where hay is stored to protect it from bad weather.
fence	забор	Wooden or metal barrier used to delimit a section of land so it can be used for a particular purpose.
permanent pasture	постоянное пастбище	Fenced-in grassy tract of land set aside for cattle to graze on.
fallow	земля под паром	Arable land temporarily left unsown to allow the soil to replenish its reserves.

tropical fruits / тропические плоды

longan

tamarillo

horned melon

passion fruit

mangosteen

kiwi

plantain

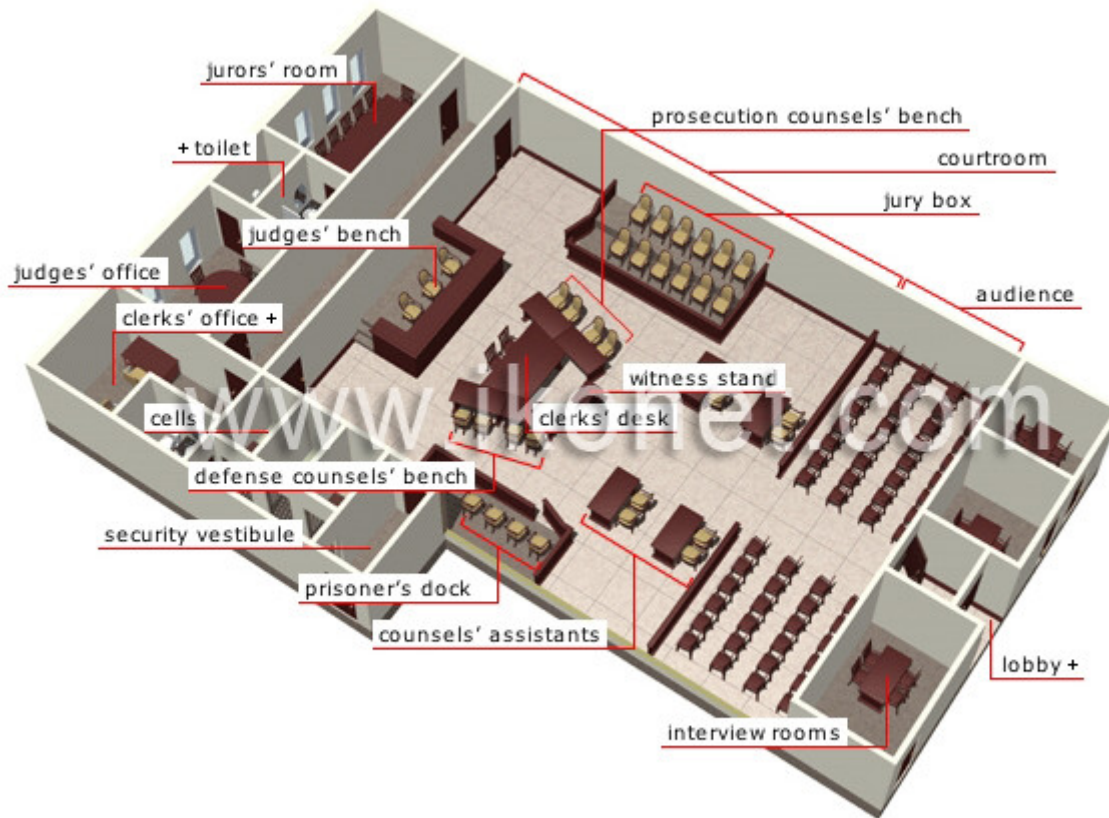

banana

passion fruit	маракуйя	Within its inedible skin that wrinkles when ripe, there is a highly aromatic gelatinous pulp; delicious plain, it is used to flavor fruit punches and cocktails.
horned melon	кивано (рогатая дыня, антильский огурец)	Its green flesh contains soft edible seeds, similar to those of the cucumber; it is often peeled and then made into juice.
longan	лонган (плод вечнозеленого лонган-дерева)	Stone fruit, related to the litchi, whose whitish translucent flesh is sweet and juicy; the peeled and stoned fruit is often eaten plain.
mangosteen	мангустан	Within the inedible skin that hardens as the fruit ages, there is a sweet juicy white flesh that is divided into sections; it is eaten as is, like an orange.
tamarillo	тамарилло	Within the inedible skin there is a firm, slightly acidic flesh. If very

		ripe, it can be eaten raw; otherwise, it is often cooked like a vegetable.
plantain	банан овощной	Nicknamed the «cooking banana», this staple of African and West Indian cooking is inedible when raw; it is primarily eaten as a vegetable, either steamed, roasted or fried.
kiwi	КИВИ	Its juicy, slightly acidic green flesh has a high vitamin C content; delicious plain, its downy skin is generally discarded, although it can be eaten.
banana	банан	Eaten as is, sautéed, fried or flambéed with rum; it is a classic garnish for ice-cream dishes and is also used in muffins and cakes.

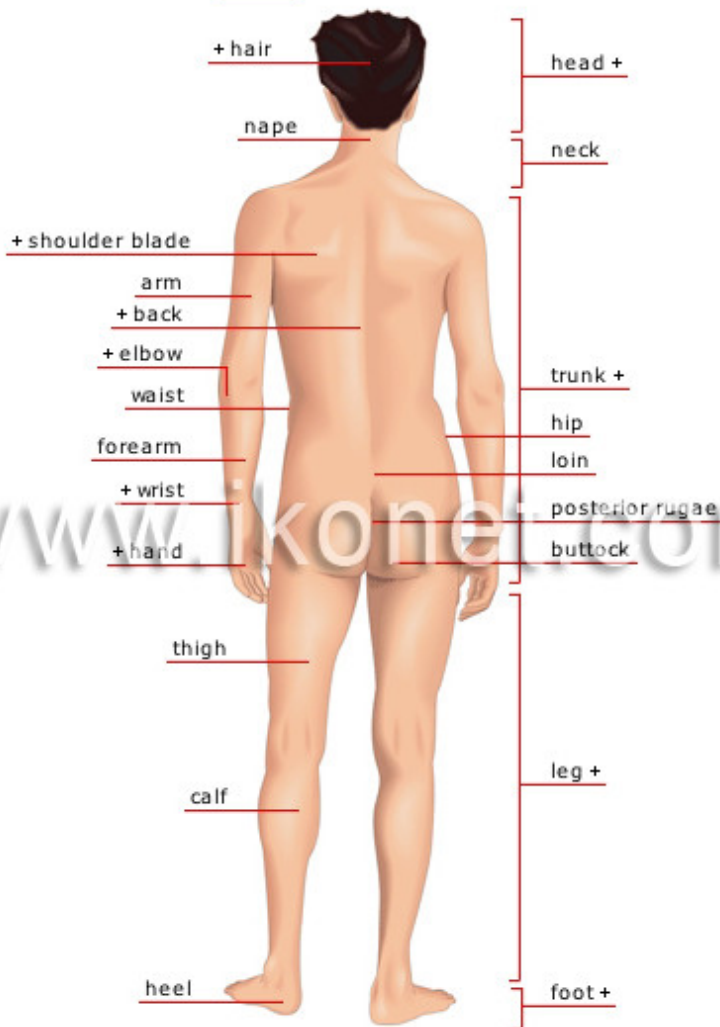

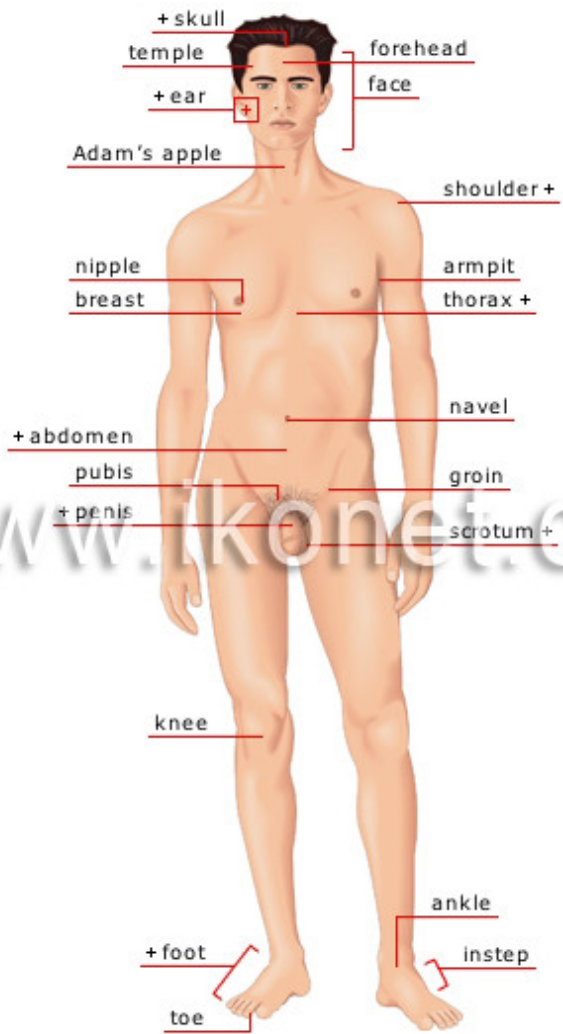

court / зал суда

counselors' assistants	группа юридических консультантов	Assistants help attorneys with tasks such as research, questioning witnesses and writing reports.
witness stand	свидетельская трибуна	Stand from which a witness gives testimony or serves as an expert witness under oath.
audience	публика (скамья присутствующих)	Witnesses and the public sit at the back of the courtroom; priority is given to family members of the accused and the victim.
lobby	лобби (группа лиц, пытающаяся воздействовать на членов законодательного органа с тем, чтобы повлиять на их голосование)	Court entrance area.
interview rooms	комната для консультаций адвокатов с подзащитым	Rooms in which attorneys consult with their clients.
courtroom	зал судебного заседания	Area of the court reserved for the main players in a trial, including the judge, jury, accused and attorneys.
toilet	уборная	Premises designed to satisfy basic functions and equipped with toilets and sinks.

cells	камеры предварительного заключения	Rooms where the accused are held while awaiting their court appearance.
clerks' office	канцелярия	Duties of clerks include assisting judges, drawing up charges, informing judges of specific points of procedure and collecting evidence.
security vestibule	вестибюль, соответствующий требованиям безопасности	Corridor that leads directly from the cells to the prisoner's dock.
judges' office	совещательная комната судей	Office used by judges to meet with assistants and attorneys and to prepare judgments.
jurors' room	совещательная комната присяжных заседателей	Room in which jurors deliberate; jurors are citizens selected at random, usually from voters' lists.
judges' bench	скамья судей	Judges preside over trials and ensure that proceedings are in accordance with the law; at the conclusion of a trial, the judge delivers a verdict and a sentence if the verdict is guilty.
clerks' desk		кафедра ведущих стенографирование хода заседания
jury box	скамья присяжных в зале судебного заседания	Box reserved for the jury, who deliver a verdict of guilty or not guilty at the conclusion of a trial.
prosecution counsels' bench	скамья представителей обвинения	Prosecuting attorneys ensure that laws are enforced on behalf of society; they attempt to prove that the accused is guilty.
defense counsels' bench	скамья представителей защиты	Defense attorneys advise and represent the accused and attempt to prove the person's innocence.
prisoner's dock	скамья подсудимых	Box in which the person alleged to have committed a crime remains during the trial.

body / тело человека

abdomen	живот	Soft part forming the lower portion of the trunk and containing various organs of the digestive, urinary and reproductive systems.
Adam's apple	кадык	Protuberance of a man's neck formed by the juncture of two strips of cartilage from the larynx.
ankle	голень	Joint of the foot articulating with the leg, forming internal (tibia) and external (ulna) lateral protuberances.
arm	рука	Section of the upper limb between the shoulder and the elbow and articulating especially with the scapula.
armpit	подмышка	Depression located beneath the shoulder between the arm and the thorax and covered with hair at puberty.
back	спина	Posterior portion of the trunk extending from the shoulders to the kidneys on each side of the vertebral column.
breast	грудь	Female milk-secreting glandular organ; it develops at puberty and increases in size during pregnancy.
buttock	ягодица	Fleshy section made up mostly of muscles; it is located at the base of the back.
calf	икра	Fleshy section formed by the muscles at the back of the leg between the knee and the ankle.
cheek	щека	Lateral portion of the face containing muscles capable of producing many different expressions.
chin	подбородок	Protruding portion of the face that varies in shape; it corresponds to the lower jawbone.
ear	ухо	Organ of hearing that collects sounds; the inner ear is also the organ of equilibrium.
elbow	локоть	Arm joint (humerus) articulating with the forearm (radius and ulna);

		it protrudes when the limb is flexed.
eye	глаз	Organ of sight used to make out shapes, distances, colors and movements; the human being is endowed with good eyesight.
face	лицо	Front portion of the head bounded by the hair, ears and chin.
foot	стопа	Terminal part of the lower limb enabling upright stance and walking.
forearm	предплечье	Section of the upper limb between the elbow and the wrist; its muscles control the movements of the hand and fingers.
forehead	лоб	Upper portion of the face between the eyebrows and the hair roots and extending between the temples.
groin	пах	Depression resulting from the juncture of the lower abdomen and the thigh.
hair	волосы	Hair of the head mainly protecting the skin of the skull; its appearance and color vary with each individual.
hand	кисть руки	Terminal part of the upper limb having a tactile and prehensile function, with a thumb opposable to the other fingers.
head	голова	Upper portion of the body supported by the neck and made up essentially of the main sensory organs and the brain.
heel	heel	Posterior section of the foot; it rests on the ground when walking.
hip	бедро	Leg joint articulating with the pelvis (base of the trunk).
instep	предплюсна	Upper portion of the foot between the metatarsus and the ankle.
knee	колени	Joint that articulates the thighbone (femur) with the lower section of the leg (tibia).

leg	нога	Lower limb attached to the trunk; it supports the body in an upright position and during locomotion.
loin	поясница	Lower portion of the back; it is located on each side of the vertebral column.
mouth	рот	Anterior cavity of the digestive tract bounded by the lips; it enables the digestion of food, among other functions.
nape	затылок	Posterior section of the neck formed mainly of vertebrae and muscles.
navel	пупок	Scar in the shape of a small round depression, the result of severing the umbilical cord that connected the fetus to the mother.
neck	шея	Portion of the body connecting the head to the trunk; the respiratory tract, nerve centers and blood vessels, in particular, pass through it.
nipple	сосок	Cone-shaped or cylindrical erectile protuberance of the breast surrounded by the areola; the lactiferous ducts open into it.
nose	нос	Mid-facial protuberance having two orifices (nostrils); it has an olfactory and respiratory function.
penis	пенис	Male erectile organ enabling copulation and excretion of urine.
posterior rugae	зад	Deep slender ridge between the two buttocks through which the anus opens.
pubis	лобок	Triangular protuberance of the lower abdomen; it is covered with hair at puberty.
scrotum	мошонка	Cutaneous muscular pouch containing the testicles and regulating their temperature.
shoulder	плечо	Upper limb joint articulating with the thorax; extremely mobile, the shoulder is capable of a wide range of movements.

shoulder blade	лопатка	Slender flat back bone articulating especially with the humerus (arm bone) and forming the posterior section of the shoulder.
skull	череп	Bony structure enclosing and protecting the brain.
temple		Lateral portion of the head between the forehead, eye, cheek and ear.
thigh	висок	Section of the leg between the hip and the knee; it contains many powerful muscles.
thorax	грудная клетка	Bony cage forming the upper portion of the trunk and containing the major respiratory and circulatory organs (lungs, heart).
toe	палец на ноге	Each of the five terminal parts of the foot formed of various articulated bones and ending in a nail.
trunk	туловище	Portion of the body to which the head and limbs are attached; it is made up of the thorax, abdomen and pelvis.
vulva	вульва	All the external female genital organs enabling functions such as copulation (vaginal orifice) and the evacuation of urine.
waist	талия	Narrowed section of the body between the base of the thorax and the hips.
wrist	запястье	Joint of the hand (carpus) articulating with the forearm (radius).
